Registration Hours and Badges Required

Vaccines are required for all Nexus 2021 attendees. Attendees must complete their vaccine validation via text message through AMCP partner VOW Digital Health prior to picking up their badges onsite.

Once staff have completed their validation, they will receive a text message the morning of Monday, October 18 confirming that they are cleared to pick up their badge. Registrants must show this text message when they arrive at Registration.

Registration is in the Aurora Ballroom Pre-function area and is open:

Monday, October 18, Noon-5pm
Tuesday, October 19, 6:30am-7pm
Wednesday, October 20, 7:30am-7pm

Remember, all must be badged to enter the Exchange.

Pick up your badge early to avoid lines on Tuesday when the Exchange opens!

Exhibitor Appointed Contractor (EAC) staff will be given a wrist band daily that provide access into the Exchange during move-in hours. Any EAC staff needed at the booth during Exchange hours require an official meeting registration badge. Wristbands are only good during move-in and move-out hours. All EAC staff must also complete the VOW Digital Health vaccine validation.

COVID Safety at Nexus

Masks will be required at all indoor events during Nexus 2021. For more information regarding onsite COVID Safety measures, visit our [COVID Safety](#) page.

AMCP is partnering with VOW Digital Health to implement a COVID-19 vaccine protocol at Nexus. All registered attendees should have received a text message from VOW that will walk them through uploading their driver's license and their COVID-19 vaccination card. Once uploaded and verified, the VOW system will issue a confirmation text confirming that they can pick up their badge onsite at Nexus.

Attendees who aren't fully vaccinated will need to send an email to meetings@amcp.org and will receive a different protocol asking them to upload a negative COVID-19 PCR test by Friday, October 15. That test will be verified in the VOW system and the same verification as mentioned above will be issued allowing them to pick up their badges onsite.

Get the App

The Nexus app is now available for download in your app store by searching AMCP Nexus 2021! Each registered exhibit staff should have received an email from the app vendor Jujama (no-reply@jujama.com) with personalized link/login to download the mobile app. If registered staff have not received the email from Jujama, email: support@jujama.com and it will be resent.

The app brings Nexus to your mobile devices and allows users to complete their own profile and view profiles of other Nexus attendees; manage a personalized schedule of education sessions and other onsite events; send private in-app messages to other attendees; receive important updates and announcements while onsite in Denver and, for **AMCP Partnering participants only**, request meetings with other attendees.

There's still time to sign up and formally connect payer decision makers via AMCP Partnering in the app. Visit the [AMCP Partnering page](#) on the Nexus website for more information or contact Liz Colangelo on the Business Strategies team at corporateopportunities@amcp.org to sign up!
